

EDLINK12 INTERNET FILTERING CERTIFICATION

July 1, 2003 - June 30, 2004

DESCRIPTION/FEATURES

Participation in the ESC Region 12/EDLINK12 Internet Filtering service gives your district/site access to content filtering provided by an X-Stop R2000 and 8e6 Enterprise Reporter servers installed at the EDLINK12 Core in Waco. The X-Stop R2000 server monitors all network traffic from the participating school/district, intercepts objectionable or disallowed activity, and sends a "block or authorization" web page to the requestor informing them that the request has been blocked.

The key features of the X-Stop R2000 and 8e6 Enterprise Reporter program include:

- Denies access to pre-selected Internet Web sites, FTP sites and Internet Newsgroup sites
 - Denies searches using pre-selected words within Internet Search Engines
 - Blocks selective services such as IRC chat, ICQ, Real Video, Real Audio, etc.
 - Automatically filters proxy servers - prevents method of getting around filtering - more secure.
 - Customizable individual filtering profile for end users
 - Automatic daily library updates of new blocked sites
 - Selective user/group filtering by IP or username
 - Detailed reporting of Internet usage, by user or by organization
 - Supports multiple block pages
- Custom reports using the 8e6 Enterprise Reporter server.

CERTIFICATION AND SIGNATURE

My district, _____ receives Internet Access through the EDLINK12 Telecommunications Network and would like to receive the free X-Stop R2000 Internet Filtering service.

I understand that ESC Region 12/EDLINK12 is providing this content filtering service through X-Stop R2000 and 8e6 Enterprise Reporter servers placed at the EDLINK12 Core location in Waco, and will not hold X-Stop, 8e6, EDLINK12, ESC Region 12, or any of their agents or employees liable for any incidental, indirect, special, or consequential damages or loss arising out of the use or inability to use this system.

My district/school currently has _____ workstations that will be accessing the Internet via EDLINK12. I agree to notify ESC Region 12 each time our district connects ten percent (10%) or more additional workstations to the Internet.
