

2009 Assistive Technology Cluster Conference

July 28-30, 2009

Region 10 Education Service Center
Dallas, Texas

ATCC has a Texas reputation as a leading source for information on innovative applications of assistive technology for persons with disabilities. The 2009 Conference builds on a tradition of providing a comprehensive examination of the most current uses of technology by persons with disabilities and the professionals who work with them. This year we hope to highlight some of the following sample workshops.
