

BUILD A HEALTHY & HIGH-PERFORMANCE CULTURE

CRUCIAL CONVERSATIONS

- ▶ Crucial Conversations gives people the skills to step into disagreement—rather than over or around it—and turn disagreement into dialogue for improved relationships and results.
- ▶ Success is largely determined by how quickly, directly, and effectively we speak when it matters most.
- ▶ Are difficult conversations happening and not going well? Are the conversations simply not taking place? **This training is for your team!**

CRUCIAL ACCOUNTABILITY

- ▶ Learn a straightforward, step-by-step process for resolving performance problems, strengthening trust and reliability, and eliminating inconsistency.
- ▶ Preventing and resolving interpersonal problems depends on how well we hold one another accountable to standards, expectations, and commitments.
- ▶ Is the issue lack of skill or lack of will? Diagnosing the issue can lead to increased accountability. **This training is for your team!**

“ It is incredibly beneficial to have tools that help narrow the focus of the problem, effectively frame our version of events, and plan a productive conversation. This training has helped turn a potential confrontation into a more productive conversation. ”

– Dr. Sandra Hancock, Assistant Superintendent, Connally ISD
