

DATA FELLOW PARTNERSHIP

A customized tool that provides a centralized, interactive means of monitoring, measuring, analyzing, and extracting relevant insights from different datasets.

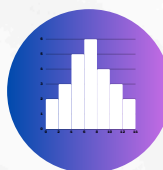

OUR SERVICES

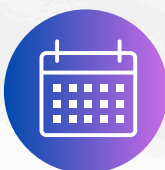

SEMI-CUSTOMIZED

A semi-customized dashboard tailored for you, ideal for sharing insights with both internal and external stakeholders.

VISUALIZATIONS

Stunning visualizations, showcasing key district data for tracking metrics and spotting trends.

DATA CALENDAR

Customized calendar of dashboard updates to monitor progress based on the district's chosen package.

TAILORED SUPPORT

Following each update, your Data Fellow will meet with district administration to explore the newest insights.

DATA DASHBOARD

- Develop a greater understanding and implementation of data through the use of a dashboard.
- Set meaningful goals for students, your team, and the year.
- Address the challenges many districts experience with organizing and utilizing data for continuous improvement.
