Region 12 Education Service Center

The TEKS Resource System (TEKS RS) offers a comprehensive, customizable, user-friendly curriculum management system built on current research-based practices. Its primary focus is to create an aligned curriculum for the four core content areas in grades K-12.
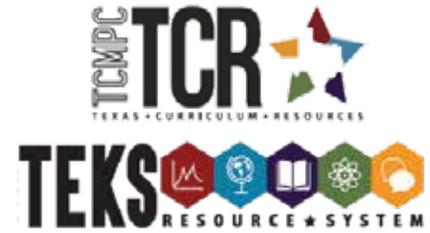

Membership Benefits

- TEKS RS 101 for administrators & teachers
- TCMPC Newsletter
- Evidence-based professional development
- Expert assistance
- TCMPC Updates

- Implementing TEKSRS+
- On-site professional development
- TEKS RS PLC
- Texas Curriculum Resources
- ILS Lunch 'n' Learn

In addition, TCR consists of curriculum documents designed by TCMPC to help Texas educators best utilize the Open Education Resources (formally known as Eureka, Carnegie, and Amplify). These include the Vertical Alignment Document, and Instructional Focus Document.
